DRAYTON VALLEY TO BID ON HEAVY WATER PLANT

Chamber Briefs

The Alberta Chamber of Commerce annual meeting will be held in Edmonton in May and it was decided at Thursday's meeting that preparations should be made for submitting resolutions to the annual meeting.

Bill Johanneson is convenor of the Resolutions Committee and will appoint committee members to assist in preparing resolutions for the March meeting of the Drayton Valley Chamber.

x x x x x

Considerable discussion took place regarding the establishment of a nursing home here and a report submitted by Rev. Strachan, head of the committee, was read and considered. Also read was a letter from J. Donovan Ross.

Inasmuch as mortgage funds are not readily available to individuals for the purpose it was decided that other methods than operation by private individuals should be investigated. It was suggested that the committee might consider operation of a home by a religious group or municipal body.

The feasibility of this method of operation was questioned and it was pointed out that if an individual could make a profit operating a nursing home there is no reason why it could not operate profitably under the jurisdiction of an organized group or municipal government.

x x x x x

Apparently some confusion exists among various groups distributing hampers at Christmas and a request was received by the Chamber that it co-ordinate the efforts of various organizations. A committee headed by Rev. Strachan will be set up to act as a clearing house of information to be made available to all organizations.

x x x x x

Karl Degen was appointed chairman of the Agricultural Committee with its first task to determine P.F.A.A. activities in the area and report to the Chamber. Two or three crop failures have occurred in the area and it was felt that P.F.A.A.'s action in this regard should be determined.

x x x x x

Keith Peterson was appointed chairman of the Klondike Kampers Carnival Committee. He has undertaken a large task in promoting the event and was tendered a vote of

At the regular meeting of the Drayton Valley Chamber of Commerce held in the Town Office last Thursday evening it was decided that this community should join other Western centres in making bids for the location of the federal government heavy water plant that was originally slated to be built at Estevan, Saskatchewan.

Among Alberta towns that have already made overtures for the plant are Lac La Biche and Fort MacMurray. It was the feeling of the meeting that Drayton Valley's chances of becoming the plant site are as good as any others and that an effort should be made to attract industry to the area.

Consideration of this proposal by the general meeting will be undertaken by the Industrial Development Committee headed by Tom Johnstone.

In the same vein it was suggested that the Chamber take a more active interest in the general plan for the economic future of the area.

The town is already making progress in this regard with long-range planning.

It was pointed out that assistance in economic planning was available from the Provincial Department of Municipal Affairs and it was decided to attempt to have a professional planner present to address the Chamber sometime in February.

Funeral Services For Berrymoor Pioneer

Mr. Churchill Cropley, last of the original settlers of Berrymoor, was laid to rest Monday, January 10th in the district cemetery. He was born November 21st, 1877 and passed away January 4, 1966. The service took place in the Lindale, Community Hall with the Reverend Muriel Campbell officiating.

Mr. Cropley came to Alberta from New Brunswick in the year 1900.

He worked in the logging

thanks by the meeting.

x x x x x

The Agricultural Committee was also asked to re-open investigation for the establishment of veterinary service in the town.

x x x x x

Other committee heads appointed were Bob Cowan, Education and Bill Johanneson, Membership.

x x x x x

Also considered and to be reviewed at a later date was license fees charged to transient traders doing business in the town.

Members of the St. Anthony's Saints basketball team are shown in the above photo. Back row, left to right, Keith Sodergren, Tom McGee, Father E. Lynch, Coach, Carl Bergtson, Dave Lavoy. Front

Row, left to right, Rocky Webber, Bruce Chaput, Brian Anderson, Norman Tucker, Maurice Parenteau and Jay Meraw. The team will play in the newly formed Junior High League with other entries

from Drayton Valley Junior High and Breton Junior High. First game will be played at St. Anthony's on Thursday afternoon, January 20th between the Saints and Drayton Valley Junior High Huskies.

Air Cadets To Hold Father - Son Banquet

The Drayton Valley Legion Squadron #733 of the Royal Canadian Air Cadet League will be holding their annual Father and Son Banquet at the Legion Hall next Monday evening, January 17th, 1966 at 7:00 p.m. This will be the third such banquet held by the Cadet organization since its inauguration in 1962. The initial banquet in 1964 was very well attended, however, the 1965 function left something to be desired in this respect.

It must be remembered that the local squadron went through a very difficult period

of reorientation and transition last year. After a tremendous first year, the sophomore blues set in early in the 1965 operations and for a while the very existence of the squadron was threatened. It was in the midst of this depression that last year's banquet was held, thus the reason for the poor attendance. The squadron survived the rough times and finished the year in great fashion with three local cadets winning flying scholarships.

This year, Squadron #733 is firmly established under the sponsorship of the Royal Canadian Legion, Branch 269 and is progressing favorably in every department. The banquet should portray the vitality and the enthusiasm prevalent in our squadron at all levels of operation. The Civilian Committee of the Squadron is requesting that every cadet father in the community be present at the banquet with his son. The banquet promises to be one of the highlights of the Cadet year and everyone involved should do all in his power to make sure that it is a success.

The admission is free to all cadets, however, a fee of \$2.00 will be charged to each cadet father in order to defray

LIBRARY SEEKS MISSING BOOKS

The following books are missing from the Municipal Library. It is possible that some young persons visiting the library were not familiar with the borrowing procedure and carried the books away with the intention of returning them at some future date. In any case, we would like to have them back. Vol. 4 World Book Encyclopedia; Catherine, the Great by Zoe Oldenburg; Bomba Trail by Roy Rockwood; Wildfire by Zane Grey; The Secret in the Attic by Carolyn Keene; Double Feature by du Jardin; and the complete works of O'Henry.

Your library board is providing you with a large number of magazines this year. There is something for every member of the family. Magazines may be borrowed in addition to the number of books allowed. We feel that to list all new books would be to impose on the good nature of the editor but we should like to draw your attention to the fact that we have some of the books often mentioned in the reviews at present. Among these are: The Source, Laurier, and Something to Hide.

some of the costs of the function.

Players To Present "Golden Goose"

Another first for the Drayton Valley Players. The local drama group under the able direction of Mrs. Pat Moore is beginning production of a children's theatre play, entitled, "The Golden Goose."

The Golden Goose is also a first for Alberta. The play was written for theatre by Joyce Doolittle of Calgary and it won first prize in the Alberta Drama League Play Writing Competition in 1965. The Golden

Goose was first seen "flying over" Banff. Since then the Golden Goose has been touring Southern Alberta.

Watch the skies for the arrival of the Golden Goose in Drayton Valley. Children from 1 - 93 are all invited to come and see the Golden Goose in St. Anthony's Separate School Auditorium on Friday, January 28th at 7:30 and Saturday, January 29th at 2:30 and 7:30.

WARRIORS HIT 100

The FMHS Warriors downed the Winfield Rockets 100-19 to hit the century mark for the first time in the team's history. Jim Cathrea hit for 30 points, Pat Hurley for 16, Ken Bureyko for 14 and Wayne Labossiere for 14. The Warrior team has been strengthened considerably by the addition of Ken Bills, Jack Cathrea, Rodney Schultz, Allan Mattoon and the return of Wayne Labossiere. The playing of Ken Bureyko and Stan Luchak has shown vast improvement and they are becoming strong threats to the opposition.

The Warriors are now in a deadlock for first place with the strong Breton team and the two teams will meet head-on this Friday night at the Frank Maddock High School Gym. This is a game that the local high school basketball fans will not want to miss.

The Warriorettes who are improving rapidly came up with their first league victory 20-9 over Winfield Monday night. They lost a hard contest to the defending league champions from Warburg 28-21 last Friday night. Sheila Muzyouski has been playing a leading role in the teams improved play. Diane Thompson played well against the Winfield girls.

The girls will play Breton in a preliminary contest before the boys game this Friday night.

Oil Wives Club Holds Regular Meeting

The regular monthly dinner meeting was held in the Cardium Room, January 10th with 81 members and 5 guests present. Head table guests were Mr. and Mrs. Bob Mayhew and Mr. Ross Lyle. Tables were tastefully decorated in a New Year's theme.

The business meeting was chaired by First Vice-President, Jackie Timmins. Our forth coming dance, "Cupids A-Go-Go", will take place Friday, February 11th. Tickets are now available. We are pleased to welcome a new club, Sylvan Lake, into our Association.

Lil Ross and Jean Ward sang the proposed Club Song, "This Club is Your Club," with lyrics by Jean Ward. All members present had received copies of the song and joined in the singing. As there were no other songs submitted before our Club it was moved and carried that we submit this one to the International Association. It was also moved and carried that the Table Blessing proposed be submitted.

An enjoyable evening was had thinking of summer, warmer condition and faraway places. Mr. Ross Lyle gave an interesting talk and showed a movie pertaining to Skin and Scuba Diving. A display table had been set up so members could view the many specimens collected by the Lyle's from the Pacific Waters.

Mr. and Mrs. Mayhew took us on a delightful trip to the Caribbean via their slides taken on their trip south last

REBELS LOSE IN BARRHEAD

The local Intermediate hockey team, the Drayton Valley Rebels travelled to Barrhead last Saturday evening where they dropped a 15-5 game played in the Barrhead Arena. A hectic second period in which twelve goals were scored ten of them by Barrhead fea-

tured the high-scoring contest. This was the third exhibition game for the Rebels this season. They played the Edson team twice before Christmas. The Rebels are playing regularly in the Hi-Way 16 West Hockey League.

Socialism makes unemployment "impossible," but Russia's jobless rate is triple that of Canada.

CHECK YOUR CHIMNEY

Extreme cold plus high humidity can cause an ice cap to form on chimneys, restricting the proper exhaust of products of combustion. Make a visual inspection -- see that overhanging or accumulated snow and ice is not blocking your chimney. Your chimney should be clean at all times for safe, efficient operation of your gas heating system.

St. Anthony's Church Wedding Scene

St. Anthony's Catholic Church, Drayton Valley, Alberta, was the setting for a lovely wedding, November 20th, when Eleanor Margaret Peterson and David Charles Baker were united in marriage with Father Lynch officiating.

The bride is the second daughter of Mr. and Mrs. Roy Peterson of Breton, Alberta, and the groom is the eldest son of Mr. and Mrs. Isador Baker of Drayton Valley, Alberta.

Mrs. Betty McGee sang a solo preceding the ceremony.

Given in marriage by her father, the bride wore a floor-length gown of white cut velvet with full train. Her shoulder length illusion veil misted from a rose headdress. She carried a cascade of red roses and lily-of-the-valley.

Maid of honor, Arlene Lilje, a friend of the bride, and bridesmaids, Lorena Lilje, Peggy Bills, and Donna Mastre, wore identical floor-length gowns in romance blue peaude-soie, with full trains, and

tiara headdresses. They each wore pierced ear rings, and necklaces, a gift of the bride.

Flower girls, Patsy Peterson, sister of the bride, and Kathy Baker, sister of the groom, wore identical light blue nylon sheer gowns, with matching floral head dresses. They carried bouquets of red roses.

Mike Kenkas, a friend of the groom, was best man. Groomsmen were Bob Hovarth, Howard Baker, brother of the groom, and Terry Peterson, brother of the bride.

Attending the guests was usher, Emil Lambert.

A reception was held at Breton Community Hall for 175 guests. Reg Ross was master of ceremonies and later proposed a toast to the bride to which the groom replied.

For her travelling costume, the bride chose a two-piece ensemble of crochet knit white wool with red accessories. Her corsage was red roses.

Mr. and Mrs. Baker will reside in Success, Saskatchewan.

MOON LAKE NEWS

By Mrs. Schenk, Correspondent

Moon Lake Community League held their meeting on Monday, January 3rd. They are laying a new floor in the hall which should be ready for Mr. and Mrs. Wall's wedding dance on January 21st.

The Millbank F.U.A. meeting was held on January 12th.

A baby shower for Debbie Burki was held at Mrs. Laura Tufti's on December 19th with a good turn out and a lovely lunch afterwards.

Ollie Arnold of Drayton Valley won the raffle on the Christmas tree and gifts held at our \$1.00 Bingo at Moon Lake on December 23rd. Our Share-the-Wealth Jackpot of \$40.00 was also won that night.

David Schenk came home for the Christmas holidays, December 22nd. Also home for the holidays were Jackie Jensen, daughter of Evelynne and Milt Jensen, and Faye and Briar Pashko, daughter and granddaughter of Mr. and Mrs. A. Schenk.

Record numbers of kiddies attended the Moon Lake Community and F.U.A. Millbank Christmas parties, December 17th and 18th respectively. The weather was lovely and mild but has really turned cold since.

The New Year comes to Jupiter once every 12 years -- the time it takes the huge planet to orbit the sun.

STONY PLAIN STOPS REBELS

The Stony Plain Intermediate hockey team visited Drayton Valley last Sunday afternoon and carried away a 7-4 victory over the Drayton Valley Rebels in a regular scheduled Hi-Way 16 West Hockey League game.

The visitors got off to a fast start with two quick goals in the first period which ended 2-1 in favor of Stony Plain. It was 4-2 for the Stony team after two periods and the visitors edged the Rebels 3-2 in the final frame to finish the game on the top by a 7-4 score.

On Thursday evening the Rebels travel to Calmar and next Sunday the Mayerthorpe team will be the visitors on Drayton Valley ice with game time scheduled for 2:00 p.m.

Why wait for spring?

do it now!

The wise ones take advantage of winter. Skilled men are more readily available in the wintertime—ready to do your repairs and renovations when you want them. Materials are in generous supply too, and your renovation budget will often go further in winter, thanks to off-season

discounts and extended payment plans.

You can borrow up to \$4,000 with up to ten years to repay, at low interest rates, with a government-sponsored NHA Home Improvement Loan from your bank.

If you're the owner of a small business, then you may take advantage of special Small Business Loans available at your

bank. And farmers can qualify for up to \$15,000 with ten years to repay with a Farm Improvement Loan.

So you see, there are a whole lot of very good reasons why you should have that work done around your home or place of business during the winter. Do it now!

Everybody benefits when winter work is increased

DIN-166D

ACROSS THE FENCE

W. S. Morrison -- District Agriculturist
Stan McArthur -- Agricultural Fieldman

Another festive season has come and gone. We hope that each of you have enjoyed it to the fullest. All of us now have the thrilling experience of a brand new year in which we should try to shape our destiny as best we can. During the holidays we have greeted old friends anew and made some new ones. As usual we are prone to make new resolutions, new plans and projected schemes. While at this time we like to reflect on past accomplishments, yet, we should be ever mindful of the possibilities ahead in the future. Hence, what better time for us on the farms to take stock of our worth, or make an inventory list? Such will conform with the calendar year, your income tax your accounts and will give you a

picture of the results from your farm for the past twelve months.

Taking a farm inventory involves the following: 1. Physical count-listing of all items of farm capital on hand. (a) Land, (b) Buildings and improvements (c) Supplies of grain and produce, (d) Livestock, (e) Machinery, equipment, small items. 2. Placing a value on all capital items in the inventory. 3. Listing the farm debts and farm accounts receivable.

Copies of "Prairie Provinces" Farm Account Book, which covers all phases of farm business accounting for the year may be secured at the Agricultural offices in Evansburg and Edson for the price of \$1.00 each. We recommend it to aid in keeping your farm records.

Don't forget the television short course "This Business of Farming" starting January 10th, 1966 on C.B.C. and affiliated T.V. stations from 10:30 a.m. to 11:30 a.m. each day Monday thru Friday.

Monday's program will feature farmstead lay-out and offer suggestions for expanding enterprises; with convenience, protection and appearance highlighting the presentation.

Tuesday will be devoted to the consideration of "Wintering the Beef Herd". This feature may interest many in this area as it describes methods of producing feed for winter use, as well as showing ways of storage. The program also deals with economical ways of feeding, bedding and handling beef animals.

Wednesday is given to "Small Farm Improvement" and deals with many problems of the small farmer. As it is said that about half the farms in the three prairie provinces fall into this category -- this part of the course will have a wide appeal.

On Thursday's program emphasis is placed on selecting enterprises offering the great

test income stability. Students of Farm Business study will want to view this presentation.

Friday will deal with "Farm Business Organization" and application of agreements; father and son partnerships, leases, estate planning and wills, also investment returns and life insurance. This particular program will also contain a summary of the week's short course.

Many of the principles of each program are illustrated by pictures taken on farms throughout the three prairie provinces. We do think that you will enjoy the course at this time and gain from the experience.

Good Prospects for Hog Producers --

Hog producers can look forward to exceptionally strong prices for the next 6 months to a year with a possible period of 18 months before they return to the \$25 to \$30 range.

Earlier this month carcass prices reached an all time high of \$40.05 per hundred-weight. This means that with the Grade A premium, a 200 pound live hog dressing out at 77 per cent returned \$64.68. The previous high price was \$39.75, set in June of 1951.

The market price for hogs went above \$30 in the middle of last June and has continued to edge upward since that time. This was not the case in 1951 when hog carcasses were back to between \$30 and \$32 within three months of the June peak. By the end of

THE WESTERN REVIEW
Page 4

the year they were in the \$28 to \$30 range.

A. Reddon, Supervisor of Livestock with the Alberta Department of Agriculture, reports that there is every indication that present prices will hold because the supply of hogs is down. Projected spring farrowings in both Canada and the United States suggest only a moderate increase in the number of pigs born. This increase will only be enough to effect the cut-back in marketings which occurred in 1963 and 1964, says Mr. Reddon. The first appreciable upward swing in pig numbers is not expected to occur until late 1966 or early 1967.

George Washington, only president of the U.S. who never lived in the White House laid the cornerstone for the building on October 13, 1792.

D.V. HIGHLIGHTS

By Edith Deby

It would seem to be wise for the Lyle Becketts to engage a room at the hospital on a permanent basis. No sooner was Mrs. Beckett discharged than Larry had to be admitted. It is to be hoped that other members of the family don't follow this bad example.

Miss Connie Johnson, daughter of Mr. and Mrs. Robert Johnson, will become the bride of Mr. Ray Jevne, son of Mr. and Mrs. Ross Jevne on January 22nd in All Saints Anglican Church.

Milt Jensen has always been known as a man of action. As a youth before he and his brother founded Jensen Brothers Trucking, Milt ran a trap line at Moon Lake. Upon his retirement he settled down to enjoy his favourite pursuits of fishing and T.V. viewing but found he was adding some unwanted poundage so back he went to the trap line. The walking

has restored his boyish figure and he feels fine.

Wedding bells will ring for Vallee Urchysyn and Bob Hunter in April.

Mrs. Edith Dunington has just returned from Elreno, Oklahoma, where she attended the fiftieth wedding anniversary of her uncle and aunt, Mr. and Mrs. Willard Knott. Mrs. Dunington says the winter wheat is growing and the country is lovely. Why rub it in?

"Tucker Brothers Trucking" is the name Leslie and Ted Tucker have chosen for their new business. They will handle livestock and certain other types of hauling. No strangers to the trucking business, these young men have earned a reputation for dependability and it is confidently predicted they will achieve the success they deserve.

RAMONA NEWS

By Mrs. Wood, Correspondent

New Year's Eve supper and frolic was a big success with a large crowd attending in spite of the cold weather. Door prize was won by Lyla Shewfelt and Fred Karach took home the turkey which was raffled.

The Ramona Community League Annual meeting which was to be held on January 4th has been postponed till February 1st. Hope the weather will be warmer and that members will all turn out for this important meeting.

Mrs. Marge Pollard and Mrs. Jean Stewart have been on the sick list. Hope they are feeling better.

Darleen Stewart was in hospital and is home convalescing.

Mr. and Mrs. M. Smith, formerly of Moon Lake now residing in Edmonton spent the holidays with their daughter, Mrs. M. Wood.

Mr. John Plewis spent Christmas in Saskatchewan with his son and family and saw many old friends.

TWO GAMES FOR KLIPPERS

The local entry into the Hi-Way 16 Bantam Hockey League, the Drayton Valley Klippers will see their first action this weekend. The Klippers who have not played a league game yet this season will have two road games over the weekend. On Saturday, January 15th, they will travel to Winterburn and on Sunday, January 16th they will visit Oneway to pick up a postponed game from the schedule.

Cooking Magic

For those who are interested in reducing those holiday-acquired pounds here are a few very tempting low calorie recipes.

Chilled Tomato Bouillon

1 cup hot water
2 bouillon cubes
3 cups tomato juice
 $\frac{1}{2}$ cup chopped green pepper
2 tsp. lemon juice
1 tsp. Worcestershire sauce
1 tsp. sugar
 $\frac{1}{2}$ tsp. salt
 $\frac{1}{2}$ tsp. monosodium glutamate
 $\frac{1}{8}$ tsp. cloves
Few grains pepper
 $\frac{1}{2}$ clove garlic

Prepare hot water and bouillon cubes in 2 quart saucepan. Add remaining ingredients (except garlic) and simmer, covered, for 6 to 8 minutes or until green pepper is tender. Strain and add garlic. Chill in refrigerator for about 3 hours. Remove garlic before serving. 36 calories per serving. Serves 5.

Devilleed Veal Cutlets

2 lbs. thin veal cutlets
2 tbsp. flour mixed
1 tsp. salt
1 tsp. paprika
1 cup minced onions
2 tbsp. butter or margarine
1 bouillon cube
1 cup boiling water
1 tsp. prepared mustard
2 tsp. horseradish

Cut the cutlets in serving sized pieces. Roll in flour which has been mixed with salt and paprika. Saute onions in the butter and remove from the skillet. Set aside. Brown veal well in same skillet. Dissolve bouillon cube in boiling water. Pour over veal. Add sauteed onions and add mustard and horseradish. Simmer, covered, 25 minutes or until veal is tender. Remove meat to serving dish. Gradually stir into gravy $\frac{1}{2}$ cup commercial sour cream. Spoon over meat. Serve at once. Makes 6 servings; each serving 326 calories.

Cake Roll

1 cup sifted cake flour
 $\frac{1}{4}$ tsp. salt
4 eggs
 $\frac{1}{2}$ tsp. cream of tartar
1 cup sugar
 $\frac{1}{4}$ cup water
 $\frac{1}{2}$ tsp. vanilla extract
Sifted confectioners sugar
Lemon or Orange filling

Grease bottom only of a $15\frac{1}{2} \times 10\frac{1}{2} \times 1$ " jelly roll pan; cut waxed paper to fit bottom; grease waxed paper. Sift the flour and salt together and set aside. Beat eggs slightly and add cream of tartar. Beat slightly. Gradually add 1 cup sugar beating well after each addition. Continue beating until thick and piled softly. Beat in water and vanilla extract. Add dry ingredients all at one time. Continue beating with beater until batter is smooth, scraping

sides and bottom of bowl once. Turn batter into pan and spread evenly to edges. Bake in 350°F. gas oven for 15 to 20 minutes or until cake tests done. Immediately loosen edges with sharp knife and turn onto a clean towel sprinkled with confectioners sugar. Remove paper; cut off crisp edges of cake. To roll, begin with the nearest long edge of cake. Using

towel as a guide, tightly grasp nearest edge of towel and quickly pull it over beyond opposite edge. Cake will roll itself as you pull. Wrap cake roll in towel and set on cooling rack to cool about $\frac{1}{2}$ hour. Meanwhile prepare lemon or orange filling. When ready to fill, carefully unroll cake. Spread with filling. Carefully reroll. Cut into $\frac{3}{4}$ " slices. Twenty $\frac{3}{4}$ " slices. 79 calories per cake slice.

Orange Filling

$\frac{1}{2}$ tbsp. cornstarch
 $\frac{1}{8}$ tsp. salt
 $\frac{3}{4}$ cup water
 $\frac{1}{3}$ cup orange juice
1 tsp. non-caloric sweetening solution or 8 tablets
1 egg yolk, slightly beaten
1 tbsp. lemon juice
1 tsp. grated lemon peel

In the top of a double boiler mix together the cornstarch and salt. Gradually stir in the water, orange juice and sweetener. Stirring gently and constantly, bring rapidly to boiling over direct heat and cook for 3 minutes. Cover and cook over simmering water 12 minutes, stirring occasionally. Vigorously stir 2 tbsp. of the hot mixture into the slightly beaten egg yolk. Immediately blend into hot mixture in double boiler top and continue cooking 3 to 5 minutes. Remove from heat and blend in lemon juice and lemon peel. Cool filling before spreading on cake. Makes 1 cup filling 145 calories.

Lemon Filling

Follow Orange Filling recipe. Increase cornstarch to 2 tbsp., water to 1 cup and sweetening solution to $\frac{1}{2}$ tsp. or 12 tablets. Substitute lemon juice for the orange juice. Omit additional lemon juice. About 1 cup filling - 131 calories.

WARRIORS EDGE WARBURG

The FMHS Warriors nosed out the Warburg five 37-33 in an exciting game played at the Maddock High School Gym Jim Cathrea lead the Warriors with 18 points and Rolf de Geest the strong Warrior center added 9 important points. For Warburg Doug Juez played an excellent game scoring 13 points. Stan Kravier followed with 9. The Warburg team applied a full court press on the Drayton team and it was not until the dying minutes of the game that the Drayton five were able to overcome it. At half time the Warriors were up 17-16 and outscored their opponents 20-17 in the second half. Stan Luchak came up with 6 clutch points on drives from his right forward position for the FMHS Warriors. A good crowd was in attendance for the Friday night contest.

OILERS LOSE TO ONOWAY

The Drayton Valley Oilers dropped a 7-2 decision here Saturday afternoon to the Onoway team in a regular scheduled Hi-Way 16 West Pee Wee Hockey League game. The visitors got off to an early lead and never looked back. The victory put Onoway in first place in the four-team league with two victories in as many starts. Next Saturday afternoon the Drayton Team will travel to Stony Plain for a regular scheduled league contest against the Stony team.

Definition of Christmas: A widely observed holiday on which neither the past nor the future is of so much interest as the present.

Hospital Auxillary Meeting Summary

The last monthly meeting of the D.V. Hospital Auxiliary was held on December 9th, 1965. There were fourteen members present.

At this meeting it was moved that fruit baskets be bought and given to the hospital staff for Christmas.

The auxiliary has bought several wall plaques for the children's wards of the hospital. Mrs. Johnke informed the auxiliary that there is still a need for nine or ten pictures for the hospital.

Mrs. Deby has given (from the library) some hard cover readers digest books to the hospital.

A thank-you letters was received from CARE for the ten dollars it received from the auxiliary.

The meeting ended with a

Christmas gift exchange and lunch.

The next meeting of the auxiliary will be held in the nurses' residence on January 13, 1966. Everyone is welcome to attend.

Farm Business Organization

Reducing the risk, the central theme of the 1966 telecourse "This Business of Farming", is clearly exemplified in the programs "Income Stabilization" scheduled for CBC and affiliated television stations on Thursday, January 13th and "Farm Business Organization" which will be seen on the same stations on Friday, January 14th.

Dr. H.C. Love, of the University of Alberta gives a general introduction to the overall concept of risk and uncertainty as it pertains to the farmer. Insurance is available for some risks but

in the case of prices, studying past and present market patterns is the best approach. Some farmers diversify to reduce risk while others maintain a reserve of capital or borrowing power. Still others reduce risk by having several fairly large enterprises. Farmers with ample capital are the ones who can afford to take more chances on specializing.

H.D. McRorie and J.L. Drew of the Saskatchewan Department of Agriculture assess alternative enterprises from the point of view of risk, using actual data where possible. Dr. P.J. Thair of the University of Saskatchewan discusses the importance of timeliness in marketing as it relates to income stability. Seasonal price patterns and the relation of individual commodity price patterns to enterprise selection are also evaluated. Dr. J.C. Gibbons of the University of Manitoba outlines the fundamentals of insurance in relation to income stability and examines specific types of insurance.

On Friday, Vern McNair, of the Manitoba Department of Agriculture, relates farm business organization to reducing risk. Estate planning and transferring the farm from generation to generation are among the most difficult problems in farm estate planning. Factors stressed here include net worth statements, the appreciation of capital assets, capitalized value of pension funds and retirement annuities, life insurance, and the application of wills.

J.A. Brown of the Saskatchewan Department of Agriculture summarizes and evaluates the week's programs.

C.W.L. NEWS

The January meeting of the C.W.L. was held on Monday, January 10th at St. Anthony's School with Fr. Lynch, Sister Mary Edna, Sister Mary Florence and twelve members present.

The meeting opened at 3:15 with the Rosary and League Prayers. The committees reported and hospital visitors, Ona Trudel and Marilyn Niehaus were appointed. A donation was received to begin a Compassionate Fund. The C.W.L. allocated a donation to the Sisters of Service.

The C.W.L. gave its support to Father Lynch's suggestion of a Lay Council.

Members will be visiting with other families in the parish to get acquainted.

The C.W.L. gave rosaries and books to some parish children at Christmas. Two hampers were filled. Special thanks go to Mr. R. Conger who donated a turkey and beef roast.

A panel discussion, "Catholic Action in the Home," followed adjournment. Panel members were Gil Hasenclever, Marilyn Niehaus, Marie Leniuk and Patti Tomaszewski. A discussion followed over a delicious lunch. There will be another panel discussion next month. New members are always welcome.

LEAVES ON TRIP TO EASTERN CANADA

Mrs. Edna Kelly left on Thursday, January 6th by Air Canada jet for Ontario where she will visit a sister who is quite ill. She will also see many more of her relations whom she left behind many years ago when she with Mr. Kelly and one very small son came West to Saskatchewan and later moved to Rocky Rapids, Alberta. Bon Voyage Mrs. Kelly.

A. I. CONCEPTION RATES

The average first service non-return rate from artificially inseminated cows in Alberta last year was 71 per cent.

According to H.B. Jeffery, Supervisor of Artificial Insemination with the Alberta Department of Agriculture, this figure is quite competitive with natural breeding. Mr. Jeffery points out, however, that there is a wide range of fertility levels between herds. These

range from a high of over 80 per cent conceptions on the first service to a low of less than 50 per cent.

Mr. Jeffery advises cattle producers with a herd fertility problem to check their nutrition and management practices.

The riding of Prince Albert, Saskatchewan has been held by more prime ministers than any other. Two - Mackenzie King and John Diefenbaker.

FARM SAFETY CONFERENCE

Approximately 300 delegates representing all phases of the agricultural industry, farmers, district agriculturists, home economists, 4-H members and leaders, grain handlers, machinery dealers etc., will attend the 9th annual Western Canada Farm Safety Conference, in Edmonton on January 31st, February 1st and 2nd, at the Macdonald Hotel.

Attending the conference will be three of North America's top safety leaders. The three are: Cecil E. Carson, President, National Safety League of Canada, Keith H. MacDonald, General Chairman Canadian Highway Safety Council, and Howard Pyle, President, National Safety Council, Chicago.

Mr. Carson will address the delegates on Tuesday at the February 1st noon luncheon while Mr. Pyle speaks that evening at the 6:00 p.m. banquet. Wednesday noon will see Mr. MacDonald discussing the problems of highway safety.

SPOT AND STAIN REMOVAL

Here are a few basic principles to keep in mind for removing stains from table linen and party clothes after the holiday season.

Alberta's Clothing Specialist Marion Atkinson, advises asking your local district home economist for the pamphlet entitled "Spot and Stain Removal" which gives instructions for specific stains.

She also advises testing the recommended stain remover on an unexposed part of the material to make sure it does not damage the fabric or dye. Work quickly and gently, applying a small amount of the remover for a short period of time. If necessary, repeat the treatment and always try the simplest method of stain removal first.

If you do not know what the stain is, try to identify it, says Mrs. Atkinson. If it is built-up on the surface of the material, it may be wax, gum, tar or nail polish. If it turns light and powdery, it may contain starch or sugar. Never try to remove an unidentified stain.

When possible, a stain should be treated before it dries, says Mrs. Atkinson, and any excess liquid or solid blotted, brushed or scraped off the fabric.

A painter's assistant, not hired because of his brilliant mind, approached the painter hard at work on the ceiling. "Hey, boss, have you got a good hold on that brush?"

"I think so. Why?"

"Well, hang on tight -- I'm gonna move this ladder."

A LONG WAY TO GO. Glowing reports from Saigon have boasted that 600,000 Vietnamese in the Mekong Delta have switched their support to the Saigon government over the past year. They've been forced to admit however, that only 40 per cent. of the Mekong valley farmers are now under government control, with the majority of the 6 million South Vietnamese living in the area indifferent or hostile. Above shows a farmer in the vital rice belt, which feeds Saigon and all central Vietnam.
